

DESK COPY ORDER FORM

You may fax this form directly to the publisher in order to obtain free desk copies of course-books, instructor manuals, or other materials that you plan to use for a class. Some publishers require that your request be made on institutional letterhead, in which case you may still want to use this form and send it along. Please visit the course book section of our website to find the correct contact numbers for publishers. Please also note that your ability to obtain desk copies is dependent both on the number of books ordered for your course and on the availability of the title in question.
